Hey Cleveland!

We are so lucky to have a wide variety of music in the area. Talking to people from different parts of the country, I have found that Cleveland not only offers listeners several radio stations from which they may choose, but also a wide range of music to boot.

This is where college radio and WUJC comes in to the picture. We offer genres of music to Cleveland that most commercial stations do not offer - blues, reggae, Christian, heavy metal, ethnic, new age, country, rap, hip-hop, hardcore, and modern. And now it is evident that college stations are developing their own "personalities". No two college stations are the same - we each have our different, distinct musical tastes.

This past semester WUJC brought to Cleveland Jello Biafra. It was a huge success, due partly to our insistence on ridiculously low ticket prices. One thousand people came to see the former lead singer of the Dead Kennedys speak about social and political issues.

Spring Radiothon 1992 is coming soon!!! To keep the station afloat we need your donations. Last year we were able to purchase a new control board and tons of new music for our music library. Thanks to all who donated.

Hope you dig this program guide. I spent many a long night putting this thing together!

Take care,
Bud Harris, Underwriting Director

Spring Program Highlights

This semester will continue a new public affairs program entitled "FRENCH VOICE". This program is produced by foreign language students at John Carroll University. Each week the program features music, news, and information in the French language. Catch "FRENCH VOICE" every Friday morning at 10 a.m. here at 88.7 WUJC.

We would also like to note the several new programs that features newly "graduated" apprentices. Several of these young budding disk jockeys will have their premier solo performances this semester. Take a listen, call them up, and try to make them really nervous!!!

Show Descriptions

Sunday

"20th Century Unlimited", Noon to 2 p.m. with Rosemary Snow

A program of 20th century classical music from the "traditional" to the "avant-garde". Programs include music by such well-known composers as Copland and Stravinsky, and music by less known composers, as well as music that uses both traditional and electronic sounds, and everything in-between.

"Armenian Radio Hour", 5 to 6 p.m.

Armenian music, Armenian news in English and Armenian, editorials and interviews of community and national personalities, and Armenian history.

Monday

"Mostly Mozart", 8 to 10 a.m. with Mia Nottoli

Keeping in the spirit of the recent Mozart bicentennial, WUJC presents a show honoring this great master. The program presents a survey of Mozart's works - both the popular and seldom heard - and includes historical facts about the music, as well as Mozart's life.

"Piccadilly Circus", 5 to 7 p.m. with Shawn Phillips

Piccadilly Circus is a taste of Shawn, ranging from subtle folk to harsh garage to comforting classical. All share the sincerity that make them important music.

"Blues From The Head", 9 to 10 p.m. with Matthew

An hour of blues from old to new with too many names to drop.

"Elevator Music", 10 to midnight with Tony and Dave

It makes no difference if you are going Up or Down - listen for the best guitar-oriented, modern elevator tunes.

"Trapped In a Suburban", midnight to 2 a.m. with Liz and Maria

Trapped In a Suburban without a cassette deck, tune to Liz and Maria with rap, industrial, Manchester and everything in-between, you'll never escape...

Tuesday

"Jazz and Blues Hits", 10:30 a.m. to 1 p.m. with Al Pawlowski

Best of jazz and blues from the 1920's to 1991.

"World's Fair", 7 to 9 p.m. with Rosemary Snow

Takes you on a musical journey around the world, with occasional stops in our own backyard. You will hear music from the East, music from the West, and music that blends these sounds into a totally new sound.

"Better Than Static", midnight to 2 a.m. with Dennis Dew

D.J. who likes grungy guitars and feedback along with dope hip-hop cuts seeks audience who likes the same. Reply to: "Better Than Static" with Dennis.

Wednesday

"Out of the Depths", 8 to 10 a.m. with Chris Hoag

From Bauhaus to Whitehouse...the stuff your mother warned you about.

"Severed Flowers", 10:30 a.m. to 12:30 p.m. with Kerri Goodwin

Heavy and hedonistic harmonies seek harbor in the garden of Severed Flowers. Tune in and hear their cries.

"Fun with Farm Tools", 12:30 to 2 p.m. with Eric Freireich

New and local metal acts with classic favorites by request.

Thursday

"Parish of Restless Folks", 8 to 10 a.m. with Ed Rusch

I will be playing a wide variety of jazz and blues music featuring today's contemporary artists along side classical cuts. Special segments of the program will be devoted to local bands as well as requests.

"Get Some", 1:30 to 4:30 p.m. with Rollo

Everything, everywhere, anytime, anybody, everybody. Served warm and by request, Fugazi to Siouxsie, but no Dave Clark Five.

"M", 5 to 7 with Kevin Mulvihill

I could M all day.

"Mad Dog Metal", 9 to midnight with Jim "Mad Dog" Cubic

Everything from old hard rock to today's thrash and death metal. Mostly new stuff, both local and national, but definitely not any hair spray metal.

"Cold Dominating Cuts Show", midnight to 2 a.m. with Lee Mars

Classic to the newest skool hip-hop, featuring interviews and funke mega-mixes.

Friday

"Metal on Metal", 7 to 10 p.m. with Bill Peters

Import, independent, and local metal.

Saturday

"Names Too Big to Drop", 6 to 8 a.m. with Mary Cipriani

Just another DJ suffering from the "music of my youth is superior" syndrome, in this case the late 70's and early 80's. Tune in and listen to all the names who had their 15 minutes of fame.

"Kick Out The Jams", 10 a.m. to 2 p.m. with Mitch Capka

The hard and heavyweights.

"Mindseed for Green Foldsoil", 7 to 9 p.m. with Pat Frat

The seed is the music that grows in the folds of the brains of those who are fertile. Spinning, non-defined whirls of coincidence, no direction or purpose, and meaning something if you believe in that sort of thing.

"Metalmorphosis", 9 to midnight with Joe Kleon

Combining national interviews with rare recordings, new releases, and many requests, Metalmorphosis provides the widest variety of hard rock and heavy metal in northeast Ohio.

"Music for Night Crew Zombies", midnight to 2 a.m. with Bud Harris

After many complaints, I finally changed the name of the show back to the original title - satisfied? I play everything from the hard, fast, and demented to the hard, fast, and demented.

Sunday through Friday

"Sonrise", 6 to 8 a.m.

Tune into Sonrise as each DJ plays their own style of contemporary Christian music.

The Carroll News

Campus and Community Want To Be Kept Informed

Students at John Carroll University are notorious for being frequent readers of *The Carroll News*, especially since they don't have to pay a red cent for an issue.

Also, many students, and residents of University Heights, have been frequenting the restaurants, companies, and stores that have advertised in that same campus newspaper. After all,

the ads reach over 3,000 college students and over 1,000 faculty, staff, and family members each week.

How else is a college student supposed to discover what is happening in the areas around them?

After all is said and done, *The Carroll News* reaches over 4,000 people directly, efficiently, and inexpensively each week.
